- All new clients are encouraged to call for a free 30-minute consultation with one of our tax professionals.
- We offer a free review of your past three (3) years tax returns. Our experience shows us that approximately 70% of business owners and 20% of other income earners overpay their taxes by not fully understanding the law. If we determine that you have overpaid your taxes by more than double of what the tax preparation fees would cost you, you may want to have the tax return amended. We can also help you amend your tax returns to correct any understatement of taxes that is discovered in order to be in compliance with the tax laws.

3. TAX ORGANIZER - *Tax preparation clients must complete*

THIS IS THE MOST IMPORTANT STEP IN THE PREPARATION OF YOUR TAX RETURN.

Our Tax Organizer is the beginning point in establishing a relationship with you so that we may understand your unique tax situation. It is a systematic series of YES and NO questions that have been designed to help us prepare your tax return so that you pay the least amount of taxes. Please do not be overwhelmed the number of organizers. Many areas will not apply to you and you need only fill out the ones that are appropriate for you. Once you begin answering the questions you will realize how the process flows and before you know it, you will be finished!

It is your responsibility to provide all the information required for the preparation of complete and accurate returns. It may be necessary to ask you for clarification of some of the information; however, we will not audit or otherwise verify the data you submit. Our work in connection with the preparation of your income tax return does not include any procedures designed to discover misappropriation of money or other irregularities, should any exist. Should we have to render accounting and bookkeeping assistance necessary for preparation of the income tax returns this will be charged and included in your estimate of your total cost? You should retain all the documents, cancelled checks and other data that form the basis of income and deductions for minimum of (7) years. These may be necessary to prove the accuracy and completeness of your returns to a taxing authority. You have the final

responsibility for your income tax returns. Therefore, be sure to review them carefully before you sign them.

We will use professional judgment in resolving questions where the tax law is unclear, or where there may be conflicts between the taxing authority interpretations of the law and other supportable positions. Unless otherwise instructed by you, we will resolve such questions in your favor whenever possible.

It is essential that you complete the Tax Organizer before you fax or send it to our office. Additional charges will be incurred for bookkeeping and consultation services necessary to compile information you do not provide in the Tax Organizer or if information is otherwise incomplete to prepare your tax return.
